The fact I can't do a quick clean of the toilet, a lack of mirrors and shade in this space. The feeling like you are a animal being put in a dixi shitting on others people shit.

Would you be offended by an FUD that purposely looks like a penis?

Answered: 12 Skipped: 0

ANSWER CHOICES	RESPONSES
Yes	8.33% 1
No	91.67% 11

The new product I want to develop is a reusable female urination device that is designed to resemble a penis in a range of different colors. This Fud would look something like a Japanese anime mushroom caricature.

<https://nl.pinterest.com/pin/839499186762112918/>This product would be taking a poke at the patriarchal society we live and justify that women really can do everything men can do. Available in funky colors, Lightly Lavender, Electric Blue, Unicorn Pastel Pink, Panther Black, Steely Grey etc. Dik comes complete with a disinfect sanitary kit in carrying pack. This FUD will resemble a penis to ironically play into the notion that women are at an disadvantage to men in our society but now with a "DIK" anatomically and otherwise we can do everything a guy can do but better, cuter and cleaner. Would this design or notion offend you personally? Please express any thoughts or remarks you have about the idea of this product.

Yes for sure. I would think about a like clean the mushroom kit or some thing. From making sure you body and vagina and bleather stay in harmony. No fungus except the mushroom DIK. In this kit I would think of toiletpapier, a depot for that, hand sanitizer and cream. Maybe a deo and parfume. All easy refillable. Love this Idea Girl!

I think its a super cute idea, my experience with a FUD was not fabulous but I would be totally willing to try again especially if it looks snazzy.
5/27/2020 8:27 PM [View respondent's answers](#) [Add tags](#) ▼

I personally wouldn't be interested in an item called Dik or one that resembles a dick. I'm not offended but I wouldn't purchase it. I see it as a novelty item that might be in a Spencer's.
5/27/2020 1:18 PM [View respondent's answers](#) [Add tags](#) ▼

seems fun/weird, not offended, but i would rather use a FUD that doesn't look like a dick. that being said. if the dick shape doesn't affect effectiveness of the thing. whv not

Sounds awesome and fun! As long as i dont need to remove pants to use it :). Good luck Ps: love the dickshape idea

I understand the need for FUD's and the notion/message. I think it's important that we talk about it (more). But because I already struggle with a negative body image/#metoo stuff, I wouldn't use this product on myself because of the shape.
